

International Innovative Oncology Forum  
September 4-5, 2020  
Moscow, Renaissance Monarch

FRIDAY  
SEPTEMBER 4<sup>th</sup>, 2020

	Andreyevsky Hall (400 seats)	Georgievsky Hall (200 seats)	Aleksandrovsky Hall (150 seats)
10.00-11.00	<b>Welcome Ceremony</b>		
11.00-11.15	<b>Coffee break</b>		
	<b>Organizational Issues of Cancer Service</b>	<b>Tumors of the upper gastrointestinal tract</b>	<b>Clinical recommendations for clinical practice</b>
11.15-13.00	<p><b>Session 1. Implementing National Cancer Control Programs in various countries</b> <b>Chairman:</b> Prof. Ivan Stilidi, DMSc, Academician of the Russian Academy of Sciences, Director, N.N. Blokhin National Cancer Research Center <b>11.15-11.35</b> - Experience in Russian Federation Prof. Ivan Stilidi, N.N. Blokhin National Cancer Research Center <b>11.35-11.55</b> - Experience in the United Kingdom Prof. Mark Lawler, Chair in Translational Cancer Genomics in the Center for Cancer Research and Cell Biology (UK) <b>11.55-12.15</b> - Experience in Slovenia Dr. Tit Albreht, Head of the Center for Health Care, National Institute of Public Health of Slovenia 12.15-12.35 - The organization of the Italian cancer service: a model of the National cancer Institute-the J. G. Foundation. Pascal Attilio Bianchi, Professor, Director-General of the National cancer Institute-the J. J. Foundation. Pascal 12.35-13.00 - Q&amp;A Session</p>	<p><b>Session 2. What do we need to know about biological properties</b> <b>Chairs:</b> Andrey Meshcheryakov, N.N. Blokhin National Cancer Research Center <b>11.15-11.35</b> - Hereditary-determined malignant tumors of the upper gastrointestinal tract Lyubmila Lyubchenko, N.N. Blokhin National Cancer Research Center <b>11.35-11.55</b> - Molecular disorders in tumors of the upper gastrointestinal tract Prof. Apollon Karseladze, N.N. Blokhin National Cancer Research Center <b>11.55-12.15</b> - Morphological features of the upper gastrointestinal tract tumors Oleg Bliznyukov, N.N. Blokhin National Cancer Research Center</p>	<p><b>Session 3. Gynecologic oncology</b> <b>Chairs:</b> Prof. Mark Kurtser, N.I. Pirogov Russian National Research Medical University Prof. Kirill Zhordaniya, N.N. Blokhin National Cancer Research Center Prof. Elena Novikova, P. A. Herzen Moscow Oncology Research Center - branch of the Medical Research Radiological Center Prof. Alexander Popov, Moscow Regional Research Institute of Obstetrics and Gynecology <b>11.15-12.15</b> – Clinical recommendations for the treatment of ovarian tumors: interdisciplinary problems 11.15-11.30 - “Opinion of the gynecological oncologist” Prof. Elena Novikova, P. A. Herzen Moscow Oncology Research Center - branch of the National Medical Research Radiological Center Aleksey Shevchuk, N.N. Blokhin National Cancer Research Center 11.30-11.45 - “Opinion of the gynecologist” Prof. Alexander Popov, Moscow Regional Research Institute of Obstetrics and Gynecology <b>11.45-12.00</b> - Q&amp;A Session <b>12.00-13.00</b> - Clinical recommendations for the treatment of borderline and malignant ovarian tumors: highlighting the key points <b>12.00-12.20</b> - Borderline tumors and ovarian cancer Prof. Kirill Zhordaniya, N.N. Blokhin National Cancer Research Center <b>12.20-12.40</b> - Non-epithelial malignant tumors Aleksey Shevchuk, N.N. Blokhin National Cancer Research Center <b>12.40-12.40-13.00</b> - Q&amp;A Session</p>
13.00-13.15	<b>Coffee break</b>		
13.15-14.15	Bristol-Myers Squibb Satellite Symposium	Novartis Satellite Symposium	Roche Satellite Symposium
14.15-14.30	<b>Break</b>		
14.30-16.30	<p><b>Session 4. Esophagus cancer</b> <b>Chairs:</b> Pavel Kononets, N.N. Blokhin National Cancer Research Center <b>14.30-14.50</b> - Cancer of the esophagus and cardia: opinion from the East Takeo Fujita, National Cancer Center Hospital East, Tokyo, Japan</p>	<p><b>Session 5. Meeting of the Chief Oncologists of the North-West Federal District, South Federal District, Ural Federal District, Siberian Federal District, Far East Federal District.</b> Achievements and challenges implementing the National Project “Fight against cancer” <b>Chairs:</b></p>	<p><b>Session 6. Head and Neck Cancer</b> <b>Chairs:</b> Prof. Ali Mudunov, Blokhin National Cancer Research Center 1. - HPV-associated oropharyngeal cancer: <b>14.30-14.50</b> - Is there a place for a surgery in treating oropharyngeal cancer? Prof. Ali Mudunov, N.N. Blokhin National Cancer Research Center <b>14.50-15.10</b> - Are we ready to de-escalate the chemoradiation therapy in treating of HPV-associated oropharyngeal cancer?</p>

	<p><b>14.50-15.10</b> - Cancer of the esophagus and cardia: opinion from the West Prof. Toni Lerut, University Hospital Gasthuisberg, Leuven, Belgium</p> <p><b>15.10-15.50</b> - Surgical and combined treatment of the esophagus cancer Prof. Mikhail Ter-Ovanesov, Moscow Clinical Hospital No. 40</p> <p><b>15.50-16.30</b> - Discussion: Combined treatment of esophageal cancer: chemoradiotherapy “PROs” - Ekaterina Ignatova, N.N. Blokhin National Cancer Research Center “CONs” - Daniil Stroyakovsky, Moscow Clinical Hospital № 62</p>	<p>Prof. Ivan Stilidi, Chief Oncologist of the Ministry of Health of the Russian Federation (North-West Federal District, South Federal District, Ural Federal District, Siberian Federal District, Far East Federal District), Director, N.N. Blokhin National Cancer Research Center, DMSc, Academician of the Russian Academy of Sciences</p> <p><b>14.30-14.50</b> – Prof. Alexey Belyaev - Chief Oncologist, Northwestern Federal District, Director, N. N. Petrov Cancer Research Institute, Head of the Oncology Department, North-West State Medical University named after I. I. Mechnikova, DMSc</p> <p><b>14.50-15.10</b> – Prof. Oleg Kit - Chief Oncologist, Southern Federal District, Director General, Rostov Cancer Research Institute, Head of the Oncology Department, Rostov State Medical University, DMSc, Corresponding Member, Russian Academy of Sciences</p> <p><b>15.15-15.30</b> – Prof. Andrey Vazhenin - Chief Oncologist, Ural Federal District and Chelyabinsk Region, Chief Doctor, Chelyabinsk Regional Clinical Center for Oncology and Nuclear Medicine, Academician of the Russian Academy of Sciences, DMSc, Head of the Department of Oncology, Radiation Diagnostics and Radiation Therapy, South Ural State Medical University</p> <p><b>15.30-15.50</b> – Prof. Evgeny Choyzonov - Chief Oncologist, Siberian Federal District, Director, Cancer Research Institute, Tomsk National Research Medical Center of the Russian Academy of Sciences, Head of the Oncology Department of the Siberian State Medical University, DMSc, Academician of the Russian Academy of Medical Sciences, Member of the Presidium of the Russian Academy of Sciences</p> <p><b>15.50-16.10</b> - Sergey Startsev - Chief Oncologist, Far Eastern Federal District and the Sakhalin Region, acting Chief Doctor, Sakhalin Regional Oncology Center</p> <p><b>16.10-16.30</b> - Q&amp;A Session</p>	<p>Artyom Gevorkov, P. A. Herzen Moscow Oncology Research Center - branch of the National Medical Research Radiological Center</p> <p><b>15.10-15.30</b> - The role of immunotherapy in treating of HPV-associated oropharyngeal cancer Assoc. Prof. Svetlana Kutukova, St. Petersburg Clinical Oncology Center, Department of Surgical Dentistry and Maxillofacial Surgery, the First St. Petersburg State Medical University named after Academician I. Pavlova</p> <p>2. Oral cancer: <b>15.30-15.50</b> - The best treatment strategy Start with surgery or induction chemoradiation therapy? Alexander Guz, Chelyabinsk Oncological Clinical Center of Oncology and Nuclear Medicine</p> <p><b>15.50-16.10</b> - Is it possible to refuse radiation therapy after radical surgery? Sevil Alieva, Research Institute of Clinical and Experimental Radiology, N.N. Blokhin National Cancer Research Center</p> <p>3. Laryngeal cancer: <b>16.10-16.30</b> - Is it time to change the treatment standards for naso- and laryngopharyngeal cancer? Assoc. Prof. Andrey Polyakov, P. A. Herzen Moscow Oncology Research Center - branch of the National Medical Research Radiological Center</p>
16.30–16.45	<b>Break</b>		
16.45-18.15	Pfizer Satellite Symposium	Lilly Satellite Symposium	Janssen Satellite Symposium

	Andreyevsky Hall (400 seats)	Georgievsky Hall (200 seats)	Aleksandrovsky Hall (150 seats)
9.00-11.00	<p><b>Session 7. Stomach Cancer</b>  <b>Chairs: I. Stilidi, W.J. Hyung, Eric Van Cutsem, C. Xiangdong</b>  <b>9.00-9.20</b> - Immunotherapy for gastric cancer. Modern opportunities and prospects  Eric Van Cutsem, MD, PhD,  Gastroenterology / Digestive Oncology University Hospitals Gasthuisberg / Leuven &amp; KULeuven  <b>9.20-9.35</b> - Molecular genetic features of stomach cancer and their clinical significance  Ekaterina Ignatova, N.N. Blokhin National Cancer Research Center  <b>9.35-9.50</b> - Q&amp;A Session  <b>9.50-10.05</b> - Innovative endoscopic technologies in diagnosing and treating stomach cancer  Prof. Olga Malikhova, N.N. Blokhin National Cancer Research Center  <b>10.05-10.25</b> - Robotic surgery for gastric cancer  Woo Jin Hyung, Yonsei University College of Medicine, Yonsei Cancer Center, Seoul, Korea  <b>10.25-10.45</b> - Modern approaches in the treatment of stomach cancer in China  Cheng Xiangdong, Zhejiang Cancer Hospital, P.R. China  <b>10.45-11.00</b> - Q&amp;A Session</p>	<p><b>Session 8.</b>  <b>How to estimate an appropriate financial amount for NCCP?</b>    <b>Chairman:</b>  Alexander Petrovsky, N.N. Blokhin National Cancer Research Center  <b>9.00-9.20</b> - Global experience in estimating the amount of financial expenses for oncology  Sergey Gordeev, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center  <b>9.20-9.40</b> - The cancer financial burden. The treatment expenses and results.  Alexander Petrovsky, N.N. Blokhin National Cancer Research Center  <b>9.40-10.00</b> - DRG (diagnosis-related group) - the best way or an emergency need  Inna Zheleznyakova, Center for Healthcare Quality Assessment and Control  <b>10.00-10.20</b> - Medical and economic standards: using opportunities  Daniil Stroyakovskiy, Moscow Clinical Hospital № 62  <b>10.20-11.00</b> - Q&amp;A Session</p>	<p><b>Session 9. Challenges of clinical recommendations in diagnosing and treating breast cancer</b>  <b>Chairman:</b>  Prof. Sergey Tyulyandin, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center  <b>9.00-9.40</b> - Indications for refusing to perform axillary lymphadenectomy  Discussants:  Petr Krivorotko, N.N. Petrov National Cancer Research Center  Olga Krokhina, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center  <b>9.40-10.20</b> - Indications for refusing to perform adjuvant chemotherapy in favor of hormone therapy  Discussants:  Mona Frolova, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center  Elena Kovalenko, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center    <b>10.20-11.00</b> - Genetic Testing for Breast Cancer: who, what should be tested and how. What to do with the results received  Discussants:  Maxim Filipenko, Institute of Chemical Biology and Fundamental Medicine (Novosibirsk)  Irina Demidova, Moscow Cancer Hospital No. 62</p>
11.00-11.15	<b>Coffee break</b>		
11.15-13.15	<p><b>Session 10. Pancreatic Cancer</b>  <b>Chairs:</b>  Danil Podluzhny, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center  <b>11.15-11.35</b> - Complex treatment of patients with borderline resectable pancreatic cancer  Prof. Yuri Patyutko, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center  <b>11.30-11.45</b> - Postoperative complications of pancreaticoduodenal resection in the tumors of the pancreatic head  Prof. Andrey Krieger, DMSc, National Medical Research Center of Surgery named after A.V. Vishnevsky  <b>11.45-12.00</b> - Ductal adenocarcinoma of the pancreas: treatment outcomes  Alexander Tskhovrebov, Russian Surgery Research Center named after Academician B.V. Petrovsky</p>	<p><b>Session 11. Cancer register and information technologies</b>  <b>Chairs:</b>  Prof. Valery Starinsky, Head of the Russian Center for Information Technologies and Epidemiological Studies in Oncology, P. A. Herzen Moscow Oncology Research Center - branch of the National Medical Research Radiological Center  <b>11.15-11.35</b> – National Cancer Register of the Russian Federation  Olga Gretsova, Russian Center for Information Technologies and Epidemiological Studies in Oncology, P. A. Herzen Moscow Oncology Research Center - branch of the National Medical Research Radiological Center  Prof. Valery Starinsky, Russian Center for Information Technologies and Epidemiological Studies in Oncology, P. A. Herzen Moscow Oncology Research Center - branch of the National Medical Research Radiological Center  <b>11.35-11.55</b> - Advantages and disadvantages of the Federal Cancer Register  <i>(lecturer to be confirmed)</i>  <b>11.55-12.20</b> - Is there a place for a separate cancer register after creating Integrated Informational System in oncology?</p>	<p><b>Session 12. Lung Cancer</b>  <b>Chairs:</b>  Konstantin Laktionov, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center  <b>11.15-11.35</b> - Diagnosis of NSCLC — from cytological verification to “metabolic biopsy”    Dimitar Marinov, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center  <b>11.35-11.55</b> - Current trends in NSCLC surgery  Arif Allahverdiyev, Moscow Clinical Scientific Center named after A.S. Loginov  <b>11.55-12.15</b> - Chemoradiation therapy in lung cancer. Practical guidelines.  Olga Anikeeva, Sofia Cancer Center  <b>12.15-12.35</b> – The targeted therapy optimization of patients with EGFR + / ALK + NSCLC  Elena Reutova, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center  <b>12.35-12.55</b> - The place of immunotherapy in the first line of treatment for patients with NSCLC  Konstantin Laktionov, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center</p>

	<p><b>12.00-12.15</b> - Vascular resection in surgery for ductal cancer of the pancreas: immediate and long-term results Prof. Vyacheslav Egorov, Ilyinsky Hospital</p> <p><b>12.15-12.30</b> - Laparoscopic and robot-assisted pancreatic resection in ductal cancer Prof. Igor Khatkov, Moscow Clinical Scientific Center named after A.S. Loginov, Moscow Health Department</p> <p><b>12.30-12.45</b> - Tumor electroporation in locally advanced unresectable pancreatic cancer Prof. Yuri Patyutko, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center</p> <p><b>12.45-13.00</b> - Chemotherapy in the treatment of patients with non-metastatic pancreatic cancer Ilya Pokataev, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center</p> <p><b>13:00-13.15</b> - Radiation therapy in the combined treatment of locally advanced pancreatic cancer Sevil Alieva, Research Institute of Clinical and Experimental Radiology, N.N. Blokhin National Cancer Research Center</p>	<p>Inna Ashenbrenner, Deputy Director for Development, BARS Group</p> <p><b>12.20-12.40</b> - Experience of interaction between regional and Federal Chancery registers Alla Egorova</p> <p><b>12.40-13.15</b> - Q&amp;A Session</p>	<p><b>12.55-13.15</b> - Q&amp;A Session</p>
13.15-13.30	<b>Coffee break</b>		
13.30-14.30	MSD Satellite Symposium	Veropharm Satellite Symposium	AstraZeneca Satellite Symposium
14.30-14.45	<b>Break</b>		
14.45-16.45	<p><b>Session 13. Colon Cancer</b> <b>Chairs:</b> Zaman Mammadli, N.N. Blokhin National Cancer Research Center, Alexey Tryakin, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center, Sergey Gordeev, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center</p> <p><b>Discussion 1: Choice of radiation therapy for colon cancer</b> <b>14.45-15.00</b> - Short-term course Tatyana Sharabura, St. Petersburg Research and Practical Centre for Specialized Medical Care (Oncology)</p> <p><b>15.00-15.15</b> - Long-term course Sergey Gordeev, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center</p> <p><b>15.15-15.25</b> - Q&amp;A Session</p> <p><b>Discussion 2: Radiation therapy for complicated forms of locally advanced colorectal cancer</b> <b>15.25-15.40</b> - Risks prevail over benefits Maria Agliullina, Republican Oncological Clinical Dispensary (Republic of Tatarstan), Assistant Professor, Department of Oncology, Radiology and Palliative</p>	<p><b>Session 14. Metastatic disease treatment</b> <b>Chairs:</b> Elena Artamonova, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center, Chair Professor of Oncology, N.I. Pirogov Russian National Research Medical University</p> <p><b>14.45-15.10</b> - Primary metastatic stomach cancer - is there any place for primary tumor removal? For whom, and when? Nataliya Besova, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center</p> <p><b>15.10-15.15</b> - Q&amp;A Session</p> <p><b>15.15-15.40</b> - Antiangiogenic therapy for stomach cancer Elena Artamonova, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center, Chair Professor of Oncology, N.I. Pirogov Russian National Research Medical University</p> <p><b>15.40-15.45</b> - Q&amp;A Session</p> <p><b>15.45-16.10</b> - The immunotherapy of the upper gastrointestinal tract tumors Prof. Rashida Orlova, St. Petersburg State University, St. Petersburg Clinical Oncology Dispensary</p> <p><b>16.10-16.15</b> - Q&amp;A Session</p> <p><b>16.15-16.40</b> - BRCA-associated pancreatic cancer Ilya Pokataev, Research Institute of Clinical Oncology, N.N. Blokhin National Cancer Research Center</p> <p><b>16.40-16.45</b> - Q&amp;A Session</p>	<p><b>Session 15. How to become a successful oncologist today?</b> <b>Chairs:</b> Aleksey Rumyantsev, N.N. Blokhin National Cancer Research Center, V. Yugay, Yu. Rybina Head of the International Department, National Cancer Institute "Pascale Foundation", Naples, Italy, Ilya Fomitsev, Executive Director of the Cancer Prevention Foundation, Project Manager of the Higher School of Oncology</p> <p>Discussion 1: Training for oncologists in modern Russia - "We must run as fast as we can, just to stay in place. And if you wish to go anywhere you must run twice as fast as that"</p> <p><b>14.45-15.00</b> - The role of professional organizations in the development of the next generation of oncologists Aleksey Rumyantsev, N.N. Blokhin National Cancer Research Center</p> <p><b>15.00-15.15</b> - The first steps at the bridging the gap between the Federal Educational Standards of the oncologist and the urgent need of society. The experience of one non-profit institution. Ilya Fomitsev, Cancer Prevention Foundation, Project Manager: Higher School of Oncology</p> <p><b>15.15-15.30</b> - Education of an oncologist in Italy. National Cancer Institute Example. Julia Rybina - National Cancer Institute "Pascale Foundation", Naples, Italy</p> <p><b>15.30-15.45</b> - Q&amp;A Session</p> <p><b>Discussion 2: Is there a place for science in the practice of an oncologist?</b> <b>15.45-16.00</b> - Implementation of scientific achievements in the practice of a modern oncologist Irina Zhitnyak, N.N. Blokhin National Cancer Research Center</p>

<p>Medicine, Kazan State Medical Academy  <b>15.40-15.55</b> - Efficiency is higher than the risks  Marina Chernykh, Oncology and Radiology Center,  PET Technology, Podolsk  <b>15.55-16.05</b> - Q&amp;A Session  <b>Discussion 3: The primary tumor radiation therapy  in metastatic colorectal cancer</b>  <b>16.05-16.20</b> - Systemic therapy is enough  Aleksy Nevolskikh, A. Tsyb Medical Radiological  Research Center – branch of NMRRC  16.20-16.35 - Mandatory component of the treatment  Vyacheslav Aliev, Research Institute of Clinical  Oncology, N.N. Blokhin National Cancer Research  Center  <b>16.35-16.45</b> - Q&amp;A Session</p>		<p><b>16.00-16.15</b> - Scientific and practical activity in the work of an oncologist:  why this is necessary and how it helps in interacting with patients.  Sergey Gordeev, N.N. Blokhin National Cancer Research Center    <b>16.15–16.30</b> - Effective oncologist interaction with patients and their  relatives  Anna Kan, Clinical Psychologist, N.N. Blokhin National Cancer Research  Center  <b>16.30–16.45</b> - Q&amp;A Session</p>
